The Center for Freedom and Prosperity seeks to promote economic prosperity by advocating competitive markets and limited government. Donors to the CFP have responded to the Center's calls for lower taxes and a fair tax system, the need for personal retirement savings accounts, free trade and smaller government. National sovereignty and personal privacy are also key tenets. Any organization dedicated to tax reform and limited government is sure to gain the support of these donors.

Mailing piece subject to list owner approval. Pricing and selects are subject to reciprocal charges. 20% commission to recognized brokers.
