These donors do not merely advocate lower taxes or modest tax reform: NTLC's goal is nothing short of fundamental, constitutional, structural change at the federal, state and local levels to control fiscal excesses, restore balance between branches and levels of government, dislodge the entrenched special interests which enrich themselves at the expense of the general public, and reduce the size and scope of government at all levels. Donors to NTLC understand the Constitutional principles involved in the functioning of a healthy free market system and hope to free every citizen so that they may excel and enjoy the fruits of their labors as the Founding Fathers intended. Advocates of lower taxes and smaller government will find these donors eager to help.
