Renewing American Leadership was founded in early 2009 by Newt Gingrich to defend and advance American civilization. Renewing American Leadership (RAL) has quickly grown into a powerful conservative force in Washington and across the nation.

RAL donors recognize that America's Judeo-Christian values were granted to us by the Founding Father and the U.S. Constitution and these rights should not be stripped away. They believe our right to religion in the public square is integral to our freedoms as Americans and they have been actively standing up for that Constitutional right.

RAL is continuously working with pastors across the nation to train a new generation of leaders who will defend our religious liberties.
